Karen Seyfried - Director

## Integrated Classroom Setting

The ECDC integrated classrooms and staff meet NAEYC high standards. Classroom space and materials support exploration, experimentation, discovery, and conceptual learning in all content and developmental domains. The teaching staff-student ratio is 1 adult per 5 students.

## Motor Room

The ECDC motor room provides students with the opportunity to build their sensory-motor and gross motor skills, which are an essential foundation for classroom learning.

## Playground

The ECDC playground has been designed to meet the needs of a diverse preschool population. Students have the opportunity to engage socially in running, climbing, balancing, riding, jumping or swinging, and activities such as dramatic play and art activities.
