# EPS SUMMER READING PROGRAM

Students entering

**GRADE 2**

*The Franklin Public Schools and the Franklin Public Library summer reading programs are designed to foster a joy of reading and an opportunity to explore different literary genres.*

*Franklin's summer reading programs reflect our Core Student Expectations: Read widely and strategically, think critically and creatively, and communicate effectively. To reinforce these expectations, adults can help their children in a variety of ways.*

- *Read TO and WITH children of all ages. Adults or siblings may choose to read to children.*
- *Help your child select "just right" books to read independently. This means your child can read most of the words easily AND understand the story.*
- *Discuss books with your children.*
- *Encourage children to try different genres including poetry and nonfiction.*
- *Encourage children to try different materials including newspapers, magazines and books on tape.*

## Summer Reading Requirements

During the summer, each student will read a minimum of ten books. Read-Alouds count! We have included a list of **SUGGESTED** authors and series for your convenience; all have been recognized for their outstanding contribution to children's literature. This list is NOT exhaustive and we encourage you to help your child choose reading materials that will foster his/her love for reading. We have partnered with the Franklin Public Library and Barnes & Noble, whose staff will be very helpful in recommending books for your child. **Please have your child record the books he/she reads over the summer months on the reverse side of this flyer.**
